Sixth Grade Sweet Sixteen of Books...

How to Choose?

Read, Read, Read at a steady pace!!!

You will have a summary of all of the books, choose books you are interested in reading, first.

Talk to each other about your books that you've read and give each other recommendations.

We will give you the dates when we will be voting for each bracket. Don't worry, if you don't make a vote on a particular bracket:

let's say in the 'sweet sixteen,' you can still read for the 'elite eight' or the 'final four'.

You will be getting a bracket and filling it out **ONLY** after you have read both books in the bracket.

Let's check out how Obama fills out a NCAA bracket!
